Dallas, TX 75201

To Whom It May Concern:

As Executive Director of REACH, Inc., I am pleased to offer my organization's support for your company's high-speed rail project, The Texas Bullet Train that will connect the North Texas area with the Houston area. Your firm's commitment to insure that this new mode of mass transportation be ADA friendly and compliant is commendable and will be appreciated by riders with all types of disabilities.

REACH is a North Texas based, consumer controlled nonprofit corporation with the dual mission of providing services for people with disabilities so that they can lead self-directed lives and educating the general public about disability-related topics in order to promote a barrier free community. In order to achieve this mission, we operate the REACH Resource Centers on Independent Living in Fort Worth, Dallas, Denton, and Plano. The centers are nonresidential resource agencies that offer an array of services that includes information & referral, peer support, independent living skills training, individual and systems advocacy assistance, disability awareness/sensitivity training, and technical assistance and training in complying with the Americans with Disabilities Act and the ADA Accessibility Guidelines.

As this project progresses to fruition, we will help promote its existence and use by alerting the individuals with disabilities with whom we work. We will publish information about the train in our quarterly newsletter and post updates on our website and Facebook account.

Best of luck for a speedy construction of the train system.

Sincerely,

Charlotte A. Stewart  
Executive Director
