

## **VOTE “NO” on the Dirty Dozen Bad High-Speed Rail Bills**

These bills are all designed to slow down, drive up cost and create inefficiency in a project that grows the economy and takes no state appropriations.

**HB2605**

**HB2716**

Most of these bills are ‘repeat offenders’ – bills that have been introduced in sessions past and did not move forward – now they are back. They were bad bills then, and they are bad bills now.

This transformational project will grow jobs, create a new industry, relieve congestion, and save lives.

Texas is Open for Business – lets make sure it stays that way by ensuring no harmful, discriminatory bills targeting this entrepreneurial project move forward.

**VOTE NO on discriminatory, anti-business legislation and help keep Texas “Open for Business”!**
